8TH BOZNER SYMPOSIUM OF PLASTIC SURGERY

Jan. 26th-27th 2018

Hotel Eberle
Santa Maddalena di Sopra 39100 Bozner

HOST  Lorenz Larcher

CHAIR: Lukas Prantl (D)
GM Huemer (A)

FRIDAY JANUARY 26th

2.15-2.30 PM  Welcome from the Chair
LUKAS PRANTL (D)
G.M. Huemer (A)

Welcome from the Host
LORENZ LARCHER (I)

02:30 – 4.45 PM  
Session 1 - FACE  
Moderators: L. Prantl (D) / P. Kompatscher (A)

- P. Heden (S) Beauty and life
- A. Gualdi (I) Mini-Invasive Surgery of the Face: small incision and traction device
- P.C. Parodi (I) Lift and fill: our modifications to extend indications
- C. Botti (I) Treatment of scleral show/ectropion
- G.M. Huemer (A) Rhinoplasty goals - my personal journey
- M Altzetmuller (D) PDO Threads for Facial Revjuvenation- Finding the Right Needle in the Haystack
- D. Duscher (D) Skin rejuvenation through HIF-alpha upregulation – A new treatment paradigm in anti-aging medicine
- F. Brighetti (I) approccio Multipiano ai trattamenti full face con acido ialuronico: il Bright lift
- K. Horst (A) Facial lipofilling in patients with systemic scleroderma

4.50 – 5.00 PM  Coffee Break

5.00 – 5.15
KEYNOTE
P. Heden: How to build – form a small to a large aesthetic medicine clinic (business management)

5.15 – 6.15 PM  
Session 3 - HAND  
MODERATORS: W. Berger / H. Burger

- A. Kaur (UK) Reconstruction of the metacarpal using bone graft
- M. Cerny (D) The use of prosthesis in carpometacarpal osteoarthritis of the thumb - an international survey about the surgical treatment
- H. Erne Diagnostic accuracy of X-ray for assessment of trapeziometacarpal joint osteoarthritis and presentation of a new classification system for arthroscopic evaluation
- M. Cerny Lipofilling as a novel treatment option for volume defects of fingertip injuries

6.15 – 7.15 PM
Session 4 – SPECIAL CASES

- A. Spaggiari (I) An unusual case of a complete lower lip reconstruction due to human bite
- T. Kempny T bone flap
- H. Bürger Vascularized bone grafts; free Fibula; free iliac and medial and lateral femur flap: comparison of 4 bone grafts.
- G. Udrescu Microsurgical reconstruction of male hair-bearing facial units
- M. Cherubino (I) Emergency thumb reconstruction

SATURDAY JANUARY 27TH

08:30 – 10.45 AM
Session 5 – RECONSTRUCTIVE & MICROSURGERY
BREAST Reconstruction
MODERATORS: F. Santanelli di Pompeo / G. Wechselberger

- K. Seidenstücker (D) An algorithm for the surgical treatment of Lymphedema
- F. Santanelli di Pompeo (I) Optimization of DIEP flap transfer in breast reconstruction
- M. Hagouan (D) IDEAL (Immediate delayed breast reconstruction) – patient oriented treatment pathway for the safest oncological and best reconstructive result
- P.C. Parodi (I) The contralateral Mastoplasly in prosthetic breast reconstruction with implants: the choice of the technique is important?
- K. Seidenstrücker (D) Supermicrosurgery in breast reconstruction
- H. Bürger (A) MFC – my way to succeed in complex bone and chimaeric reconstruction
- T. Scholz (D) Current Breast Implant Surface Technologies

10-45 – 11.00 Coffee Break

11:00 – 13.45 AM
Session 6 - PLASTIC & RECONSTRUCTIVE SURGERY
MODERATORS: M. Ninkovic / F. Bassetto

- M. Ninkovic (D) Pre-expanded Free Flaps
- F. Bassetto (I) Body Contouring – limits and possibilities
- V. Brebant (D) Autologous gluteal augmentation during lower body lift - Perfusion control of a dermal fat pad via intraoperative application of indocyanine green (ICG) and near-infrared Fluorescence Imaging
- L. Prantl (D) Lipofilling – new developments to improve the engraftment
- L. Larcher (I) **Hybrid one step complex reconstruction in burn, reconstructive and pediatric cases combined with Acellular Dermal Substituts (ADS) applying the TRC (“Tissue regeneration concept”)**
- L. Spazzapan (I) **The use of a new biodegradable scaffold of pure human collagen in the chronic wounds: our experience**
- K. Seidenstrücker (D) **Best results for upper extremity lymphoedema with combinations of techniques**
- R. Wenny (A) **Lipo-bodycontouring in the outpatient setting - safety first!**
- K. Schwäger (A) **Lateral femoral cutaneous nerve of the thigh (LFCN-) surgical decompression for Meralgia paresthetica. A single Center outcome analysis. Experimental or State of the Art?**
- P. Cristofolini (I) **The evolving role of regional flaps in head and neck reconstruction**

13-45 – 14.45 PM **Lunch**

14:45 – 15.45 AM  
**Session 7 - LIQUID SESSION**  
**Moderators: K. Taghetchian / M. Fuchs**

- K. Taghetchian (D) **Ethics in aesthetics – the wish fulfilment doc instead of healer**
- M. Fuchs (D) **Liquid face lift compared to the surgical approach in the face: why, where, when**
- K. Taghetchian (D) **Lip treatment with filler – many ways go to Rome**

15.45 – 17.15 PM  
**Session 8 – BREAST: AESTHETICS**  
**MODERATORS: G.M. Huemer / C. Botti**

- P. Heden (S) **Is this the end of form stable macrotextured implants ?**
- C. Botti (I) **Double Bubble and bottoming out – surgical approaches**
- M. Fuchs (D) **Breast augmentation! A safe pathway to the best possible result – How I do it!**
- L. Prantl (D) **Imaging for quantitative assessment of capsular contracture and implant rupture**
- P. Montemurro (S) **Rotation of anatomical implants: between myth and reality**

17.15 – 18.30  
**ROUND TABLE**  
Past, present and (back to the) future of implants texturing. An evidence based review of latest industry trends and innovations.  
**Moderators: L. Prantl / L. Larcher**
